Altitude: 330–350 m  
Yield: 50hl/ha

### VINEYARD EXCELLENCE IN SUSTAINABILITY

Our vineyard management centers on greening to prevent soil erosion, enhance structure, and promote biodiversity. We cultivate diverse plants between and under vines, fostering harmony with wild flora. Our commitment to quality is seen in precise pruning, natural pest control, and manual harvest of healthy grapes. With a focus on natural yeasts and organic practices, we produce fruity, clean, and digestible wines. Certified by Austria BioGarantie, our sustainable approach reflects in each sip.

### TECHNICAL INFORMATION

Was SO<sub>2</sub> added?: no  
Was the wine chaptalized and / or acidified?: No  
Were enzymes used during fermentation or ageing?: No  
Bottling date: October 2021
